

What is ECOWEB?

ECOWEB is a platform that connects EU-funded eco-innovations with enterprises, researchers and multipliers.

SEARCH MORE EFFICIENTLY

ECOWEB offers the most comprehensive database of EU-funded eco-innovation projects and their results. We bring you the innovation that you need, within just three mouse clicks.

You can find:

- ⚙ Innovative products and processes to integrate into your enterprise.
- ⚙ EU-wide partners to collaborate on new projects.
- ⚙ Inspiration for novel products from over 1.000 eco-innovations.
- ⚙ A network of multipliers and researchers to help you realise your ideas.

Whatever your motivation for using the ECOWEB platform, our unique and powerful search platform puts a world of information at your fingertips.

From Research to Realisation

A Driver for Success!

ECOWEB bridges the gap between the research community and SMEs of all sectors and branches in the EU. We bring research to realisation!

PROMOTE YOURSELF EFFECTIVELY

If you have an eco-innovation, ECOWEB can help you to spread the word.

The platform makes promoting your research results, products, and technologies far easier and more effective than ever before.

ECOWEB gives your project the opportunity to be presented at EU level, to promote the results of your hard work to a much wider audience, without wasting time and effort.

Contact us, become an ECOWEB partner - put your logo on our platform, share our online eco-innovation boxes on your website (miniature search interface and preselected result presentation available) and further benefit from our partner programme! Further information on: www.ecoweb.info.

ABOUT US

The role of ECOWEB is to increase awareness and uptake of research results and encourage more synergies between the research and business sectors.

ECOWEB exists to provide up-to-date information and to put the spotlight on innovative ecologically-minded technologies, products, processes and results from over a thousand EU-funded research projects.

The platform is designed to be intuitive, yet powerful - taking you to customised results within three clicks.

ECOWEB is managed by a team of motivated and highly skilled partners from Austria, France, Germany and Italy, providing expertise on EU-funded research projects, ICT solutions and working towards interlinking SMEs and enterprise networks.

“Eco-innovation is the introduction of any new or significantly improved product (goods or service), process, organisational change or marketing solution that reduces the use of natural resources (including materials, energy, water and land) and decreases the release of harmful substances across the whole life cycle” - Eco-innovation Observatory, 2010
